

BRITISH SOCIETY OF TOXICOLOGICAL PATHOLOGY

Notice of Future Meetings - October 2022

The BSTP are happy for you to disseminate any of this information to colleagues within your group.

Virtual CES 7: Infectious diseases of laboratory animals Tuesday 14th – Thursday 23rd March 2023

REGISTRATION IS NOW OPEN WITH EARLY REGISTRATION FEES AVAILABLE UP TO 31st JANUARY 2023 AND REGISTRATION CLOSING ON 14th FEBRUARY 2023

This Continuing Education Symposium will give you the opportunity to learn about infectious diseases of laboratory animals, health monitoring, emerging pathogens and species differences in the mouse, rat, dog, ferrets, rabbit, pig, hamster, gerbil, guinea pig and non-human primates. You will have direct access to international key speakers during the Q&A and round table sessions.

Information, including an outline programme and registration form is available on the website.

If you would like further information, have any queries, or would like to reserve a place, please contact the BSTP Secretariat – bstpsecretariat@gmail.com

or visit: <http://www.bstp.org.uk/events/ces-7-infectious-diseases-of-laboratory-animals/>

Virtual CES 8: Nervous system and special senses organs Tuesday 11th – Thursday 20th July 2023

This CES will give you the opportunity to learn about the rodent and non-rodent nervous system, including and special senses organs. The symposium will cover neurobiology basics of the CNS and PNS for pathologists and toxicologists; brain sampling and sampling of the spinal cord and PNS organs; preservation and preparation of neural tissues, neuroanatomy and tissue artifacts; AI analysis, stereology; biomarkers; neuropathology of standard nonclinical species; developmental and juvenile toxicity, safety pharmacology; INHAND nomenclature; class effects of toxic agents; toxicological pathology of the eye; an overview of the olfactory tract; ear and vestibular system. You will have direct access to international key speakers during the Q&A and round table sessions.

Detailed information, including the programme and a registration form will be available in early 2023.

If you would like further information, have any queries, or would like to reserve a place, please contact the BSTP Secretariat – bstpsecretariat@gmail.com

or visit: <http://www.bstp.org.uk/events/ces-8-nervous-system-and-special-senses-organs/>

BSTP Bursary Opportunities for Early Career Pathologists – 2022/2023

The BSTP are able to offer at least **three free places** on each of our Continuing Education Symposiums (CES).

Applications are welcomed from interested members and non-members of the BSTP.

The awarding of funding will be at the discretion of the BSTP Council.

Priority will be given to individuals working within an “**early career**” environment, for example, stipendiary MSc/PhD students, researchers studying/working within a relevant scientific field, or veterinary pathology residents at a recognised institution working towards a professional qualification or gaining more experience within the field of toxicological pathology.

Further information can be found at: <http://www.bstp.org.uk/events/ces-7-infectious-diseases-of-laboratory-animals/> or <http://www.bstp.org.uk/funding-opportunities/>

Webinars

BSTP webinars - in collaboration with the Society of Toxicological Pathology (STP)

Antisense Oligonucleotide-related Macrovesicular Vacuolation of Hippocampal Neurons in Non-Human Primates

A BSTP webinar - in collaboration with the Society of Toxicological Pathology (STP) to be held in December 2022 and the duration of the webinar will be up to 1 hour.

Speakers: Martin Lamb and Annette Romeike

Additional information, including registration details will be available soon.

BSTP webinars - in collaboration with the ESTP/SFPT/BSTP and ECVP/ESVP

8th Joint Webinar ESTP/SFPT/BSTP and ECVP/ESVP

Thursday November 3, 2022: 16.00 – 18.00 CET

Alternative methods to do research in toxicology – Organ on a chip

Sasha Berdichevski – Emulate

Toxicologic Pathology in the next decade – science and safety

- Role of the toxicological pathologist is changing – Silvia Guionaud
- Why did I choose a career in toxpath? Anna Domènech Fontanals and Fernando Romero Palomo
- Early career network – Simone Tangermann

For information on any events organised by the BSTP, please contact the BSTP Secretariat - bstpsecretariat@gmail.com

or visit the website – <http://www.bstp.org.uk/bstp-events/> or <http://www.bstp.org.uk/bstp-webinars/>

New Members

The BSTP welcomes new members and is open to anyone with an interest in the field of toxicological or experimental pathology.

The membership year runs from 1st April through to 31st March of each year with no discount or refunds available if joining or cancelling mid-term.

For more information, visit: <http://www.bstp.org.uk/membership-page/>

Future BSTP events are due to take place as follows:

3rd November 2022	Webinar in collaboration with the ESTP/SFPT/BSTP and ECVP/ESVP
13th December 2022	Webinar in collaboration with the Society of Toxicological Pathology (STP)
14th – 23rd March 2023	Virtual CES 7 - Infectious diseases of laboratory animals
11th – 20th July 2023	Virtual CES 8 - Nervous System
November 2023	38th Annual Scientific Meeting & AGM
March 2024	CES 9 - Urinary System
July 2024	CES 10 - Digestive System
November 2024	39th Annual Scientific Meeting & AGM
March 2025	CES 11 - Cardiovascular System
July 2025	CES 12 - Endocrine System
November 2025	40th Annual Scientific Meeting & AGM
March 2026	CES 13 - Lymphoid & Haematopoietic Systems
July 2026	CES 14 - Musculoskeletal System & Skin
November 2026	41st Annual Scientific Meeting & AGM

The order of the CES will depend on the availability of high-quality speakers who are world experts in their particular field to present at the relevant meeting. Details of future meetings are correct at the time this booklet is generated, the BSTP will not be held responsible for any changes to dates, topics and venues of these meetings.
